

Rescue Restore Redecorate®

# THE PAINT STUDIO AT The helpful place.

## LACQUERED GLASSWARE

### **Materials Needed**

- Amy Howard at Home® Furniture Lacquer™
  (We used White Perfection)
- Simple Green
- Water
- Paper Towels
- Dust Mask
- Tack Cloth
- 400-Grit Sandpaper

Notes:			

#### Rescue Restore Redecorate®

### HOW TO

- Use Simple Green to wipe down object's surface and clear any dust, grime or build up.
- 2. Remove any degreaser left on furniture with water and a damp rag.
- 3. Allow to dry completely.
- 4. Holding the can 8 to 10 inches from the surface, spray the White Perfection Lacquer back-and-forth, overlapping the passes as one uses a paint brush.

\*As you begin to paint using the Furniture Lacquer, remember to paint from top to bottom, as you would painting a horizontal surface. This is to avoid any overspray.

- 5. Allow piece to dry for at least an hour.
- 6. Lightly sand with 400-grit sandpaper
- 7. Wipe with tack cloth to remove any dust
- 8. Spray second coat of White Perfection lacquer.

I hope you enjoy this project, and as always, Enjoy the Bragging Rights™!
