Log Round Chalk Board

Materials Needed

- Stir Stick
- Amy Howard at Home® Black One Step Paint™
- Chalk
- Log Round
- Synthetic Brush (tapered)

Notes:

HOW TO

**Turn can upside-down 30 minutes prior to painting to help the chalk release from the bottom of the can.*

1. Thoroughly shake the One Step Paint can for 1-2 minutes
2. Open lid of One Step Paint with can opener and then thoroughly stir with stir stick. Depending how well the chalk has settled, you may need to shake, stir, shake, stir until the pain is mixed will.
5. Using synthetic brush to coat your log round with a nice, even coat of One Step Paint. Do not apply the paint too thick as it could crack when drying.
6. Once object is covered in one coat, allow to dry for 30 - 45 minutes.
7. Apply second coat of One Step Paint.
8. Allow to dry for 30-45 minutes.
9. Before writing on paint with chalk, use your chalk to cover the paint and then wipe it off. This will allow the chalk to write smoother.
10. Now you get to "Enjoy the Bragging Rights!"
